

An exciting opportunity at Bharat Petro Resources Limited, a wholly owned subsidiary of BPCL

Bharat Petroleum Corporation Limited (BPCL)

BPCL is a Fortune 500, leading Navratna Public Sector Company in the exciting and dynamic energy sector, engaged in Refining, Marketing and Distribution of Petroleum products and also in exploration of Oil / Gas, with an annual turnover of Rs. Rs. 2,58,731.09 crores for the year 2014-15.

As one of India's largest corporations, BPCL offers you a lifetime of personal and professional development. With BPCL, you have the opportunity to flourish, explore your strengths and gain the experience to move ahead.

At BPCL, we believe in providing not only a job with competitive salary but also taking efforts to go an extra mile to provide an experience called life which is a combination of unmatched benefits, opportunities for personal development and the prospects to hone your talent.

Bharat Petro Resources Limited (BPRL)

A pioneer in ways more than one, Bharat Petroleum Corporation Limited (BPCL) is today one of the most formidable names in Oil & Gas Industry. Among its many Subsidiaries and Joint Ventures, Bharat Petro Resources Limited (BPRL), a wholly owned subsidiary of Bharat Petroleum Corporation Limited (BPCL), was incorporated in October 2006, to take forward BPCL's Upstream aspirations. Currently, BPRL (either directly or through its step down subsidiaries/JVs) holds participating interests in 20 exploration blocks, in 6 countries, in consortium with other companies. Of these blocks, 8 are in India, and the rest overseas.

All of BPRL's blocks are in various stages of Exploration/Appraisal. So far, BPRL consortium has had a total of 19 discoveries. In an initiative to move further up the Upstream value chain, BPRL is the Lead operator in an on land block in India and is also the joint operator in two on land blocks in India.

With investments in excess of USD 1.2 billion for its projects, and commitments in excess of USD 1.5 billion, essentially for early monetization, BPRL is poised to surge ahead in the Upstream arena.

An exciting opportunity @ BPRL to head Technical team

We, at BPRL are looking for middle & senior professionals who wish to leverage his/her experience & knowledge to deliver high business results and take our Organization to greater heights. The details of the vacancies are given below :

Post	Qualification	Relevant Experience	Upper Age as on 1.8.2015
Assistant Vice President / Vice President - Technical	Post graduation degree in Geology / Geophysics or B.Tech / B.E from a recognized university	Minimum 15 years experience in Oil & Gas Exploration & Production company in India or overseas in the field of Geology / Geo sciences / Reservoir / Drilling Engineering.	50
Senior Manager - Reservoir	B.Tech / B.E in Petroleum or Mechanical or Chemical Engineering	Minimum 10 years of experience as Reservoir Engineer in Oil & Gas Exploration & Production company in India or overseas.	40
Drilling Engineer	B.Tech / B.E in Petroleum or Mechanical or Drilling Engineering	Minimum 8 years of experience in handling onshore/offshore well drilling operations in Oil & Gas Exploration & Production company in India or overseas.	35

- a) Degree should be from Institution/college and University /Deemed University duly recognized by AICTE/UGC.
- b) Candidates belonging to General / OBC Category with minimum 60% in the Final Degree Examination (relaxed to 50% to SC/ST category) are only eligible to apply. Percentage of marks would be the aggregate of all semesters irrespective of the norms / system being followed in the institute/university. No rounding off percentage would be allowed.

Wherever CGPA/OGPA/DGPA or Letter Grade is awarded, its equivalent percentage of marks must be indicated in the application form as per norms adopted by University / Institute.

- c) Candidates should have passed the full time degree in first attempt.
- d) Age relaxation for SC/ST/OBC (Non Creamy Layer) candidates as applicable will be in line with Government directives. Candidates belonging to SC/ST/OBC (NCL) categories will need to furnish valid caste certificates as per the formats prescribed by Government of India.

Role

A) Asst. Vice President / Vice President - Technical

To head and lead the entire technical team of BPRL's Geologists, Geophysicists, Petrophysicists, Reservoir Engineers, Petroleum Engineers and Drilling Engineers in managing and overseeing all Upstream related technical activities of BPRL.

B) Senior Manager - Reservoir Engineering

- Estimating resources / reserves & forecasting for hydrocarbon asset evaluations & development planning.
- Estimating reserves for producing properties as per applicable guidelines.
- Performing static and dynamic reservoir modeling.
- User of dynamic modeling packages (including Petrel-RE/Eclipse/GAP-Mbal)
- Carrying out reservoir simulation studies to optimize recoveries.
- Studying and predicting performance of well proposals.
- Evaluating and predicting water flood and enhanced recovery performance.
- Developing and applying reservoir optimization techniques.
- Developing cost-effective reservoir monitoring and surveillance programs.
- Performing reservoir characterization studies.
- Analyzing pressure transients.
- Designing and coordinating petro physical studies.
- Analyzing the economics and risk assessments of major development programs.
- Written and verbal reporting of technical studies and presentations to management, partners and government bodies/representatives.
- Good commercial awareness/Understanding of project financing & cost control principles. Good awareness of legislation, licensing, fiscal issues, etc. relevant to the oil and gas industry.
- Interfacing and working seamlessly with all other functional groups in BPRL.
- Any other task/responsibility assigned from time to time.

C) Drilling Manager

- Supervision of well drilling operations at site;
- Preparing well data sheets;
- Designing and selecting well-head equipment;
- Drawing up drilling programs, taking account of desired production flow rates;
- Obtaining relevant data, carrying out engineering analysis on site and recommending necessary actions and writing up reports;
- Monitoring the daily progress of well operations;
- Keeping track of current daily costs, comparing actual costs with expenditure proposals and recommending cost-effective changes;
- Liaising with specialist contractors and suppliers, such as cement companies or suppliers of drilling fluids;
- Monitoring safety and ensuring good maintenance of the well;
- Adhering to environmental protection standards, in some cases through direct discussion with local governments to ensure compliance with legislative requirements;
- Establishing and administering drilling and service contracts;
- Coordinating and supervising the work of the drilling team;
- Undertaking engineering design and the planning of wells (including development work);
- Designing directional well paths (horizontally or multi-laterally), as appropriate;
- Contributing to conceptual field development design;
- Working with multidisciplinary professionals to evaluate the commercial viability of the well and monitor progress during drilling;
- Returning the site to its natural environmental setting if drilling is not to be pursued.
- Interfacing and working seamlessly with all other functional groups in BPRL.
- Any other task/responsibility assigned from time to time.

As Drilling Manager you will handle all drilling related activities of operated blocks and monitor the drilling operations / activities of the non operated blocks held by BPRL.
