SNAP Structure 2024

Symbiosis National Aptitude Test (SNAP) is going to be conducted on 08, 15 & 21 December, 2024 and the timings will be from 2:00 PM to 3:00 PM.

SNAP Exam is scheduled on 08, 15 & 21 December, 2024 and test duration is reduced to one hour. Due to these changes, SNAP Exam pattern is also changed like reduced number of questions, type of questions, scoring pattern, sectional composition among other key changes. We should know the key changes in SNAP Exam Pattern 2024.

SNAP Exam 2024 : Key Changes

Symbiosis National Aptitude Test (SNAP) 2024 will be held as Computer-Based Test on 08, 15 & 21 December, 2024.

Candidates can take all three SNAP Exam 2024.

SNAP 2024 Exam Duration is reduced for 1 Hour.

Total questions reduced to 60 from 110 earlier.

The candidate has to decided well in advance if he / she plans to appear in SNAP Once, twice or thrice.

Bes of the performance of candidate out of the attempts he / she made in SNAP 2024 will be considered for final percentile calculation.

SNAP Exam Pattern 2024

Particulars	SNAP 2024
Duration	60 Minutes
SNAP Test Timings	2:00 PM to 3:00 PM
Total No. Of Questions	60
General English, Reading Comprehension, Verbal Reasoning, Verbal Ability	15
Quantitative, Data Interpretation & Data Sufficiency	20
Analytical & Logical Reasoning	25
Special Questions	NIL

Please note that the SNAP Test 2024 will be Computer-Based Test

SNAP Test duration is of 60 Minutes

Date : 08 December, 2024: Time : 02:00 PM to 3:00 PM

Date : 10 December, 2024: Time : 02:00 PM to 3:00 PM

Date : 21 December, 2024: Time : 02:00 PM to 3:00 PM

SNAP Test is objective test, each questions has four questions. Candidates should choose an

appropriate response.

Each wrong answer attracts 25% negative marks.

A candidate can appear for upto three tests for SNAP. If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation and there will be no normalization. A rigorous process that has been statistically tested will be administered to ensure spread will ensure that there is no unfair advantage to candidates who opt for any specific test / multiple test. This will ensure normalization of the spread of questions across sections. Furthermore, the question papers will be normalized for the level of difficulty across all the three tests. No correspondence regarding this will entertained.

Any malpractice / use of unfair means will lead to your disqualification from the admission process of SIU. Instances of any incorrect information or process violation detected at any stage of the selection process will lead to immediate disqualification of the candidate from the selection process and he / she will not allowed to appear for SNAP in the future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification will take place with retrospective effect.

SNAP 2024 Syllabus

SNAP 2024 Test consists of following subjects. SNAP is an objective and fill in the blanks type test and has a total number of 60 questions to be completed in 60 minutes. The syllabus in each & every section is divided as follows:

General English:

- Reading Comprehension
- Antonyms
- Synonyms
- Comprehension of a Passage
- Grammar
- Reasoning
- Sentence Completion
- Verbal
- Verbal Ability
- Vocabulary
- Fill in the Blanks
- Idioms
- Sentence Correction

Quantitative, Data Interpretation & Data Sufficiency:

- Arithmetic
- Trigonometry
- Ratios and Proportion
- Percentages

- Partnership
- Time, Speed and Distance
- Basic Mathematical Relations and Formulas
- Computation
- Data Interpretation
- Data Sufficiency
- Measurements
- Averages
- The Relationship between Numbers Time and Distance
- Venn Diagram
- Arithmetic Mean
- Geometric Mean
- HCF & LCM
- Profit & Loss
- Permutations & Combinations
- Mensuration
- Simple Interest & Compound Interest
- In-equations Quadratic and Linear Equation Algebra

Analytical & Logical Reasoning:

- Functions
- Pie Chart
- Bar Graphs
- Statement & Conclusion
- Graph Representing Area
- Analogies
- Analysis
- Line Charts
- Arithmetical Number Series
- Arithmetical
- Reasoning
- Decision Making
- Differences
- Discrimination
- Judgement
- Observation
- Problem Solving
- Relationship Concepts
- Similarities
- Space Visualisation
- Verbal and Figure Classification
